This input will be reviewed each summer with the leadership team members to discuss goals and action plans for improvement and continued success.

To ensure the funded activities and strategies are consistent with the district parent and family engagement policy we invite and encourage all parents to be a part of the parent and family engagement committee that will meet throughout the school year to assist in planning parental events, supporting the teaching staff and students, fundraising events, improving school-home communication efforts, and increasing positive parental involvement within the school district.

Parents are encouraged to become involved. We are a very small district and do not have a Parent Teacher Association but would welcome one if enough parents wanted to form one.

### **8: Reservation of Funds** *(Title I schools)*

Our district receives an allocation less than \$500,000 so we are not required to reserve the 1 percent district allocation. We are a school wide Title I program.

To ensure our parents and families are involved in the decisions regarding how funds reserved for parent and family engagement are allotted for parent and family engagement activities they are surveyed each May to seek input regarding our school district. This input will be reviewed each summer with the leadership team members to discuss goals and action plans for improvement and continued success.

To ensure the funded activities and strategies are consistent with the district parent and family engagement policy the Maynard School District shall invite and encourage all parents at the high school to be a part of the parent and family engagement committee that will meet throughout the school year to assist in planning parental events, supporting the teaching staff and students, fundraising events, improving school-home communication efforts, and increasing positive parental involvement within the school district.

The building facilitator will conduct an annual review of the effectiveness of the family and community engagement plan in the spring of each school year. This annual review will be prior to the 2022-2023 school year. The annual evaluation will be reviewed to identify the barriers, needs, and strategies for the upcoming school year by each building committee. The building committee will analyze the data to update and review the plan for the following school year. Findings from the evaluation will be used to design evidence-based strategies for more effective parental involvement. Each plan will be approved by the district family and community engagement facilitator. The district family and community engagement committee will meet to review and update the district family and community and engagement plan. The plan will be submitted on Indistar and posted to the school website by August 1, for the 2022-2023 school year.

Parents are given a copy of the student handbook that lists the chain of command for resolving parental concerns and questions at the beginning of the school year. Newsletters are sent out throughout the school year as a reminder for parents. An order of operations chart is located on our district website to assist in this matter.

All certified staff members, including administrators will receive the required hours for parental involvement professional development training.

According to the law, ACT 969, teachers will receive the required (2) hours of professional development in 2022-2023. The administrators will receive (3) hours in addition to the minimum number of hours of professional development training required to enhance understanding of effective parent involvement strategies and the importance of administrative leadership in setting expectations and creating a climate conducive to parental participation.

Beginning on October 1, 2004, and by each August 1 thereafter, every school shall review and update the parent and family engagement plan and file a copy of the parent and family engagement plan with the Department of Education. When approved the plan will be placed on the district website. Beginning in the 2020-2021 school year, the information will be filed by August 1
